DMR-US4-004-01 A/0

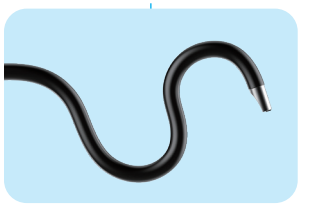

- Metal snakebone structure provide exellent maneuverability
- Protect working channel (round shape) from squeezing during deflection

- Without any adhesive tape for connection, full length metal snakebone provide consistent deflection performance during operation

275° Dual deflection

- Passive deflection function make difficult operation easy

Nominal width of insertion section 7.5Fr

Insertion section length: 670mm

**US27F-12-EU**
**US27F-12-US**

# BRIGHT & CLEAR

**HIGH IMAGE QUALITY**

- 1.2mm round working channel (kink-resistant multi-layer polymer material)
- Inner layer PTFE improves smoothness for passing accessories
- CMOS 160K
- Dual illumination
- Field of view: 120°±10%
  Depth of field: 3mm ~ 100mm
